THE FOOD FOR POULTRY IN WINTER.

Much time and money have been spent in what seems the almost vain endeavor to make hens produce eggs in cold weather. It requires but little experience with poultry to learn the fact that, under ordinary circumstances, hens cannot produce as many eggs in winter as in summer. Summer is the natural time for the laying of eggs, and in order to increase winter production there must be reproduced for the fowls as nearly as possible the conditions that exist in summer. Mrs. John J. Layzell of Brandon, Vt., has evidently succeeded in doing this with her flock. She says: "I have been using Page's Perfected Poultry Food for the last three winters, and I find it the best poultry food on the market. I have tried several different kinds, but I got no eggs until I began to use this food."

If you want to know more about this food and the best ways of using it, write to C. S. Page, Hyde Park, Vt., for his booklet, "Profitable Poultry." It will be sent free, postpaid, to anyone mentioning this paper.

NO INDIGESTION OR STOMACH DISORDER

A Little Diapiesin Now Will Stop Food Fermentation and Relieve You of Gas, Heartburn and Dyspepsia in Five Minutes.

Why not get some now—this moment, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Page's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Page's Diapiesin costs only 50 cents for a large case at any drug store here and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from the stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food, the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests itself in order, cleans up, and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Page's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

IN BOSTON MARKETS.

Market Is Now Very Quiet, as Usual Following Thanksgiving.

Boston, Dec. 1.—As is usual in the week following Thanksgiving, the market for dairy products is very quiet. But prices generally are little disturbed by the inactivity. Receipts of butter, especially fine goods, are light, and the market is rather disposed to follow the upward trend of outside markets. The New York, Chicago and Elgin markets all moved to higher levels yesterday. Cheese is firm, because supplies are light and in strong hands. Eggs do not seem to be quite so firm as they have been, though no change to speak of has been made in the quotations. Dealers are looking for larger supplies soon of nest-egg, and some decline in prices is likely.

Jobbing quotations:—Butter—Fancy northern creamery, tubs 34c@34½c, boxes 35c@36c, prints 35c@36c, western ash tubs 33c@34c, fair to good creamery 30c@32c, fine storage creamery 33c@34c, dairy 29c@30c. Cheese—New York full cream fancy 17½c@18c, Vermont 16½c@17½c, Wisconsin Young America 18c@18½c, sage 18c@18½c. Eggs—Fancy henney 50c@52c, choice eastern 45c@47c, fresh western 38c@40c, storage 28c@30c.

ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scratched Constantly and Kept Growing Worse.

CUTICURA'S EFFECT QUICK AND PERMANENT

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. R. H. Whitaker, Winchester, Tenn., Sept. 22, 1908."
